PROFESSIONAL SUMMARY

Computer Science student and IT Support Intern with hands-on experience maintaining and troubleshooting desktop hardware, software, and networked lab systems across multiple campus computer laboratories. Applies programming skills in HTML, CSS, Python, Java, C, PHP, and VB.NET to deliver functional web and database solutions. Known for diagnosing issues quickly, minimizing system downtime, and completing technical projects that support day-to-day academic and business operations.

EDUCATION

Bachelor of Science in Computer Science

Expected September 2028

De La Salle Araneta University — Started September 2024

WORK EXPERIENCE

IT Support Intern (OJT)

April 2024 – May 2024

AMA University

- Deployed and configured desktop PCs and peripherals across multiple campus computer laboratories, sustaining high system uptime and uninterrupted lab operations for students and staff.
- Diagnosed hardware faults, OS errors, and software glitches using systematic troubleshooting methods, resolving issues efficiently and restoring machines to full working condition.
- Performed scheduled software installations, system updates, and preventative hardware maintenance, strengthening system reliability and meeting campus security standards for daily academic use.

SKILLS

- HTML & CSS — built responsive, interactive websites from design through deployment.
- Python, Java, C, PHP, VB.NET — developed academic and personal software projects.
- Applied programming and web development concepts to deliver working database-driven applications.
- Hardware and software troubleshooting, system maintenance, and IT support best practices.
